2020 National Solar Tour

Inspiring solar action in the time of COVID-19

SOLAR UNITED NEIGHBORS

Solar United Neighbors (SUN)

- Founded a decade ago
- Believe solar is the key to a modern & just energy system
- Operate in 12 states (and growing!)

SOLAR UNITED NEIGHBORS

Solar United Neighbors (SUN)

We’re a community of people building a new energy system with rooftop solar at the cornerstone. We help people go solar, join together, and fight for their energy rights.

SOLAR UNITED NEIGHBORS

Solar United Neighbors (SUN)

We are committed to diversity and inclusion as the foundation of both our work and our workplace. We believe in bringing all voices to the table and celebrating differences within and between communities. We strive to create an organizational culture and a solar movement that celebrates diverse viewpoints and life experiences.

Real EV Owners: John (Tesla Model 3)

Published

John's a performance car guy. He'd never driven anything like a Tesla (and hasn't since). Electric vehicle performance kicks more ass than you might realize. **Subscribe for more on EVs at ElectrifyYourRide.org.**

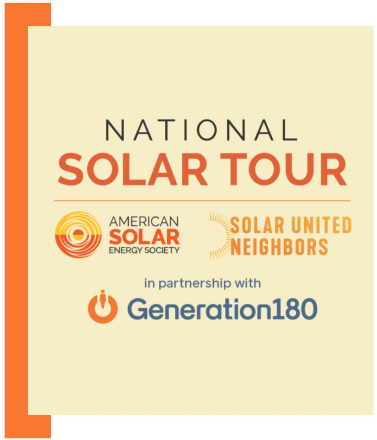
Solar Schools



SHINE A LIGHT ON SOLAR AT YOUR SCHOOL

Join the virtual National Solar Tour this Fall

Schools with onsite solar installations can showcase their leadership and educate the community by participating in a month-long solar celebration. Schools can participate by hosting a virtual open house on our website, joining our live virtual events **September 28 – October 4, 2020**, and celebrating National Energy Awareness Month throughout October.
